Highlights

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

Quality construction

Quality construction uses only top grade materials to create products of extended durability.

Bare copper shielding

Bare copper shielding protects against signal loss.

Easy grip This non-slip grip makes connecting your components easy and ergonomically comfortable.

Color-coded connectors

Color coded connections make it easy to install your cable into the correct inputs and outputs

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.
